FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

DIRECTORS' RESPONSIBILITIES AND APPROVAL

The directors are required by the South African Companies Act 71 of 2008, to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the financial statements.

The financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors have reviewed the company's cash flow forecast for the year to 29 February 2024 and, in the light of this review and the current financial position, they are satisfied that the company has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the company's financial statements. The financial statements have been examined by the company's external auditors and their report is presented on pages 4 to 6.

The financial statements set out on pages 7 to 21, which have been prepared on the going concern basis, were approved by the board of directors and were signed on its behalf by:

CP Liebenberg

**INDEPENDENT AUDITOR'S REPORT
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS
TO THE DIRECTORS OF THE HEALTH FOUNDATION OF SOUTH AFRICA NPC**

OPINION

We have audited the financial statements of The Health Foundation of South Africa NPC set out on pages 9 to 19, which comprise the statement of financial position as at 28 February 2023, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Health Foundation of South Africa NPC as at 28 February 2023, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the South African Companies Act 71 of 2008.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the Directors' Report as required by the South African Companies Act 71 of 2008 and the supplementary information as set out on pages 20 to 21. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE FINANCIAL STATEMENTS

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the South African Companies Act 71 of 2008, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

DIRECTORS' REPORT

The directors have pleasure in submitting their report on the financial statements of The Health Foundation of South Africa NPC for the year ended 28 February 2023.

1. INCORPORATION

The company was incorporated on 27 October 2011 and obtained its certificate to commence business on the same day.

2. NATURE OF BUSINESS

The Health Foundation of South Africa NPC was incorporated in South Africa and its main objective is to improve the healthcare quality, access and experience for people of South Africa. It does this by engaging in fundraising and acting as a conduit for donations to support the work of the Department of Health. In support of its non-profit objectives, it undertakes minimal income-generating work. The company operates in South Africa.

There have been no material changes to the nature of the company's business from the prior year.

3. REVIEW OF FINANCIAL RESULTS AND ACTIVITIES

The financial statements have been prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the South African Companies Act 71 of 2008. The accounting policies have been applied consistently compared to the prior year.

The company recorded a net surplus for the year ended 28 February 2023 of R2,393,529 (2022 net deficit of R188,803).

Full details of the financial position, results of operations and cash flows of the company are set out in these financial statements.

4. DIVIDENDS

In terms of Schedule 1 of the Companies Act, the company is prohibited from making any dividend distributions. Consequently no dividends were paid, declared or proposed during the period under review.

5. DIRECTORS

The directors in office at the date of this report are as follows:

Directors	Designation	Nationality	Changes
JJ du Toit	Non-executive Independent	South African	
CP Liebenberg	Non-executive Independent	South African	
M Moyo	Non-executive Independent	Zimbabwean	
R Nauta	Non-executive Independent	South African	
LK Jones	Non-executive Independent	South African	
MS Kariem	Non-executive Independent	South African	Resigned 03 October 2022
LR Fairall	Non-executive Independent	South African	Appointed 27 February 2023

6. NON-CURRENT ASSETS

There was no change in the nature of the non-current assets of the company or in the policy regarding their use.

7. EVENTS AFTER THE REPORTING PERIOD

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

DIRECTORS' REPORT

8. GOING CONCERN

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The directors believe that the company has adequate financial resources to continue in operation for the foreseeable future and accordingly the financial statements have been prepared on a going concern basis. The directors have satisfied themselves that the company is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the company. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the company.

9. AUDITORS

Moore Stellenbosch Incorporated continued in office as auditors for the company for 2023 in accordance with section 90(6) of the Companies Act 71 of 2008.

10. LIQUIDITY AND SOLVENCY

The directors have performed the required liquidity and solvency tests required by the South African Companies Act 71 of 2008.

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

ACCOUNTING POLICIES

1. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared on a going concern basis in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the South African Companies Act 71 of 2008. The financial statements have been prepared on the historical cost convention, unless otherwise stated in the accounting policies which follow, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 SIGNIFICANT JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

Critical judgements in applying accounting policies

Management did not make critical judgements in the application of accounting policies, apart from those involving estimations, which would significantly affect the financial statements.

Key sources of estimation uncertainty

Useful lives of property, plant and equipment

The company reviews the estimated useful lives of property, plant and equipment when changing circumstances indicate that they may have changed since the most recent reporting date.

1.2 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are tangible assets which the company holds for its own use or for rental to others and which are expected to be used for more than one period.

An item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the company, and the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost.

Cost includes costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the period in which they are incurred.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and any accumulated impairment losses, except for land which is stated at cost less any accumulated impairment losses.

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Computer software	Straight line	3 years
Furniture and fixtures	Straight line	6 years
IT equipment	Straight line	3 years
Office equipment	Straight line	6 years

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

ACCOUNTING POLICIES

1.2 PROPERTY, PLANT AND EQUIPMENT (continued)

The depreciation charge for each period is recognised in profit or loss unless it is included in the carrying amount of another asset.

Where major components of an item of property, plant and equipment have significantly different patterns of consumption of economic benefits, the cost of the asset is allocated to the components and they are depreciated separately over each component's useful life.

When indicators are present that the useful lives and residual values of items of property, plant and equipment have changed since the most recent annual reporting date, they are reassessed. Any changes are accounted for prospectively as a change in accounting estimate.

Impairment tests are performed on property, plant and equipment when there is an indicator that they may be impaired. When the carrying amount of an item of property, plant and equipment is assessed to be higher than the estimated recoverable amount, an impairment loss is recognised immediately in profit or loss to bring the carrying amount in line with the recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in profit or loss when the item is derecognised.

1.3 FINANCIAL INSTRUMENTS

Initial measurement

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through profit or loss) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial instruments at amortised cost

These include loans, trade receivables and trade payables. They are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

Financial instruments at cost

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably without undue cost or effort are measured at cost less impairment.

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

ACCOUNTING POLICIES

1.4 LEASES

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership to the lessee. All other leases are operating leases.

Operating leases – lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term unless:

- another systematic basis is representative of the time pattern of the benefit from the leased asset, even if the payments are not on that basis, or
- the payments are structured to increase in line with expected general inflation (based on published indexes or statistics) to compensate for the lessor's expected inflationary cost increases.

Any contingent rents are expensed in the period they are incurred.

1.5 IMPAIRMENT OF ASSETS

The company assesses at each reporting date whether there is any indication that any assets may be impaired.

If there is any such indication, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of assets) in prior years. A reversal of impairment is recognised immediately in profit or loss.

1.6 EMPLOYEE BENEFITS

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as leave pay and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

1.7 REVENUE AND OTHER INCOME

Donations (cash and in kind), fund-raising and collections are recognised upon date of receipt.

Donations received of a physical nature are valued at market value on date of receipt. Donations in kind are recognised when the cash value of the donation can be measured reliably.

Interest is recognised, in profit or loss, using the effective interest rate method.

Other income is recognised to the extent that the company has transferred the significant risks and rewards of ownership of goods to the buyer, or has rendered services under an agreement provided the amount of other income can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the company. Other income is measured at the fair value of the consideration received or receivable, excluding sales taxes and discounts.

1.8 FOREIGN EXCHANGE

Foreign currency transactions

Exchange differences arising on monetary items are recognised in profit or loss in the period in which they arise.

All transactions in foreign currencies are initially recorded in Rand, using the spot rate at the date of the transaction. Foreign currency monetary items at the reporting date are translated using the closing rate. All exchange differences arising on settlement or translation are recognised in profit or loss.

**THE HEALTH FOUNDATION OF SOUTH AFRICA NPC
FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2023**

ACCOUNTING POLICIES

1.9 DEFERRED INCOME

Donations that do not impose specific future performance conditions are recognised in income when the donation proceeds are receivable.

Donations that impose specified future performance conditions are recognised in income only when the performance conditions are met.

Donations received before recognition criteria are satisfied are recognised as a liability.

1.10 STATEMENT OF CASH FLOWS

The statement of cash flows is prepared on the direct method, whereby the major classes of gross cash receipts and gross cash payments are disclosed.

Investing and financing activities that do not require the use of cash and cash equivalents are excluded from the statement of cash flows.

	654,234	(19,228,605)

14. GOING CONCERN

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The directors believe that the company has adequate financial resources to continue in operation for the foreseeable future and accordingly the financial statements have been prepared on a going concern basis. The directors have satisfied themselves that the company is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the company. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the company.

15. EVENTS AFTER THE REPORTING PERIOD

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.
